## **ALL AGES EVENT**

Jolene Lichty, a mental health counselor from O'Neill, discovered she had cancer in May 2016. Jolene will share how her cancer has taken her on a journey of F.A.I.T.H. and Attitude. Find out how F.A.I.T.H. and Attitude give us strength for the hard, the unexpected and the unknown. Jolene is Janelle Hansen's sister.

After Jolene's motivational presentation, we encourage you to check out the newly renovated space and upgraded equipment generously donated by Box Butte General Hospital, BNSF, and the Alliance Y. Stay for snacks and drinks because we are celebrating 3 YEARS of providing service to the Hemingford community!
